JAQUAN HUDSON

Adventureman: Ghost Lights #1 Titan Books (US, CA)
Already a bestselling work in Europe, "Johnny Cash: I See a Darkness" vividly portrays the unpredictable life of a loner,

patriot, outlaw, and music rebel, making this unique biography a compelling read for multiple generations of graphic novel and music fans.

Hawkworld Oxford University Press, USA Paris, May 1940. Nazi troops storm the city and at Le Bourget airport, on the last flight out, sits Dr Alexandre Yersin, his gaze politely turned away from his fellow

passengers with their jewels sewn into their luggage. He is too old for the combat ahead, and besides he has already saved millions of lives. When he was the brilliant young protégé of Louis Pasteur, he focused his exceptional mind on a great medical conundrum: in 1894, on a Hong Kong hospital forecourt, he identified and vaccinated against bubonic plague, later

named in his honour *Yersinia pestis*. Swiss by birth and trained in Germany and France, Yersin is the son of empiricism and endeavour; but he has a romantic hunger for adventure, fuelled by tales of Livingstone and Conrad, and sets sail for Asia. A true traveller of the century, he wishes to comprehend the universe. Medicine, agriculture, the engine of the new automobile, all must be opened up, examined and improved. Ceaselessly curious and courageous, Yersin stands, a lone genius, against a backdrop of world wars, pandemics, colonialism, progress and decadence. He is brought to vivid, thrilling life in Patrick Deville's captivating novel, which was a bestseller and shortlisted for every major literary award in France.

Nominated for both the Eisner and Harvey Awards for Best Foreign Language Publication! With this book Pratt leaves behind the short story form he'd used for twenty-one interrelated tales and presents a truly epic graphic novel. In the aftermath of the Russian Revolution and the First World War, Corto Maltese is engaged by the Red Lanterns—a Chinese secret society made up entirely of women—to find an armored train laden with gold that belonged to the last Russian Tsar, Nicholas II. They aren't the only ones lusting after the treasure. The adventure, which shifts from the hidden courts of Venice to the mysterious alleys of Hong Kong, from Shanghai to Manchuria and Mongolia to Siberia, also attracts regular and irregular armies, as well as revolutionaries and counter-revolutionaries. The sweeping plot allows Pratt to fully investigate the complicated and competing motivations of his cast that includes the return of Rasputin and the introduction of the cold and dangerous Duchess Marina Seminova, the enigmatic warrior/spy named Shanghai-Lil, and historical figures such as the "Mad Baron" Roman Ungern-Sternberg, a Russian general who who

sees himself as the modern-day Genghis Khan!
