The Athenaeum Précis de l'histoire de la poésie, avec des jugements, critiques sur les plus célèbres poètes et des extraits nombreux, etc Le Poesie Di Peire Raimon De Tolosa Love, Life, and Poetry This book of poetry is a reflection of my past love and life. La poésie épique grecque Poesie Complete, Volume 1 (Italian Edition) *Poesie Complete - Primary Source Edition* Lulu.com Late in the Day, Ursula K. Le Guin's newest collection of poems, seeks

meaning in an ever-connected world. In part evocative of Neruda's Odes to Common Things and Mary Oliver's poetic guides to the natural world, Le Guin gives voice to objects that may not speak a human language but communicate with us nevertheless through and about the seasonal rhythms of the earth, the minute and the vast, the ordinary and the mythological. As Le Guin herself states, "science explicates, poetry implicates." Accordingly, this immersive, tender collection implicates us (in the best sense) in a subjectivity of everyday objects and occurrences. Deceptively simple in form, the poems stand as an invitation both to dive deep and to step outside of ourselves and our common narratives. As readers, we emerge refreshed, having peered

underneath cultural constructs toward the necessarily mystical and elemental, no matter how late in the day. The poems are bookended with two short essays, “Deep in Admiration” and “Form, Free Verse, Free Form: Some Thoughts.” In 2014, the National Book Foundation awarded Le Guin the Medal for Distinguished Contribution to American Letters, a lifetime achievement award. Her celebrated acceptance speech, which criticized Amazon as a “profiteer” and praised her fellow authors of fantasy and science fiction, is included in *Late in the Day* as a postscript.

**La poésie épique grecque** Nabu Press  
This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures,

errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

One of the most modern features of the French Revolution was its intention of shaping a new kind of citizen by exposing him from childhood to inspirational messages and behavioral models. In this effort to regenerate the

masses the French Revolutionaries sought to employ not only schools, but newspapers, festivals, dramas, poems, songs, paintings, statues, and engravings as well. At the peak of the Terror, French leaders brought the West to the threshold of the totalitarian state in the fullest sense of the world: they established a single party state, directed a regimented economy, created a mass army, and sought to mobilize all the media capable of influencing the human mind. It was an interest in both art and the Revolution which led Professor Leith to explore the growth of the idea of using art as one instrument of propaganda. The idea proved to have deep roots in western civilization, going back to classical thinkers, medieval churchmen, and the art officials of such monarchs as

Louis XIV. But following the hedonistic rococo art of the first half of the eighteenth century, this idea of didactic art took on a new lease of life, reaching a crescendo during the Terror. This book analyses the contribution of the philosophes, the Encyclopedists, royal officials, art critics, and revolutionary leaders to the resurgence of the idea; it also probes the peculiar psychological assumptions which led eighteenth-century thinkers to believe in the efficacy of visual propaganda. The outcome of this idea of art as an ideological weapon was involved in the fate of the Revolution itself, yet it was also affected by certain curious tensions already evident in the minds of its advocates under the Old Régime. Lingering interest in purely aesthetic

values, a affirmation of the need for creative freedom, and determination to maintain French cultural hegemony, all complicated the effort to turn art into a vehicle of civic instruction. The final chapter examines the rôle of these tensions in the dénouement of the idea in the closing phase of the Revolution. This book should appeal not only to those interested in French civilization, the age of Enlightenment, and the French Revolution, but to those concerned with the rôle of art and the artist in modern society as well.

Poesie U of Minnesota Press

In his comprehensive treatment, Zumthor (emeritus, U. of Montreal) discusses general issues concerning oral poetry, from primary to mechanized orality (including the setting of text to music); the forms of oral poetry; the epic in the West, Africa, and other parts of

the globe; the oral poet's texte;  
 performance in its manifold styles across  
 the world; roles played in oral poetry;  
 and oral ritual actions from archaic times  
 to the present--Homer to Bob Dylan.

*Précis de l'histoire de la poésie, avec des  
 jugements, critiques sur les plus  
 célèbres poètes et des extraits  
 nombreux, etc*

What is the public value of poetry? How  
 do poets envisage their own role and  
 function within society? How do we? Do  
 poets seek to shape public opinion and  
 behavior? Should they? Or do they offer  
 alternatives--perhaps sacred  
 alternatives--to political and religious  
 ideologies? Are they what Shelley in  
 1821 called 'the unacknowledged

legislators of the World'? And what might that mean? During the decades immediately preceding the Revolution of 1789 the status of contemporary poetry in France was at its lowest ebb. At the same time the perceived power of the writer to influence public events reached a high-water mark with Voltaire's triumphant return to Paris in 1778. In the course of the next century French poetry enjoyed an extraordinary renaissance and flowering, perhaps its greatest. But what of the poet's public influence? In 1881 the people of Paris processed for six hours past the home of Victor Hugo on the occasion of his 79th birthday, and in 1885 an estimated two million people witnessed his state funeral. But who or what were they acknowledging? Poetry or republicanism? Or perhaps their own

power? For with each Revolution that passed--1789, 1830, 1848--French poets themselves felt increasingly marginalized. This study addresses the first part of this story and focuses on the role and function of the poet during the so-called Romantic Period. Beginning with an account of the literary climate in pre-revolutionary France it then maps the changes in that climate wrought by the events of the 1789 Revolution. It describes the new politico-literary agendas set by Chateaubriand and others on the monarchist Right, and by Stael and others on the liberal Left. Against this background it then analyzes in detail the poetic output and public exploits of the three major French poets of the period: Lamartine, Hugo, and Vigny. The Romantic figure of the poet

as prophet and magus is habitually dismissed as a cliché. But by focusing on the role of the poet as lawgiver this book reveals the rich and complex terms in which the public function of poetry was debated in post-revolutionary France-- and how amidst the centenary celebrations of 1889, as Romanticism gave way to Symbolism, the poet as lawgiver continued to play a central part in that debate.
