The Sioux Chef's Indigenous Kitchen Wayne State University Press

2018 James Beard Award Winner: Best American Cookbook Named one of the Best Cookbooks of 2017 by NPR, The Village Voice, Smithsonian Magazine, UPROXX, New York Magazine, San Francisco Chronicle, Mpls. St. Paul Magazine and others Here is real food—our indigenous American fruits and vegetables, the wild and foraged ingredients, game and fish. Locally sourced, seasonal, “clean”

ingredients and nose-to-tail cooking are nothing new to Sean Sherman, the Oglala Lakota chef and founder of The Sioux Chef. In his breakout book, The Sioux Chef's Indigenous Kitchen, Sherman shares his approach to creating boldly seasoned foods that are vibrant, healthful, at once elegant and easy. Sherman dispels outdated notions of Native American fare—no fry bread or Indian tacos here—and no European staples such as wheat flour, dairy products, sugar, and domestic pork and beef. The Sioux Chef's healthful plates embrace venison and rabbit, river and lake trout, duck and quail, wild turkey, blueberries, sage, sumac, timsula or wild turnip, plums, purslane, and abundant wildflowers. Contemporary and authentic, his dishes feature cedar braised bison, griddled wild rice cakes, amaranth crackers with smoked white bean paste, three sisters salad, deviled duck eggs, smoked turkey soup, dried meats, roasted corn sorbet, and hazelnut-maple bites. The Sioux Chef's Indigenous Kitchen is a rich education and a delectable introduction to modern indigenous cuisine of the Dakota and Minnesota territories, with a vision and approach to food that travels well beyond those borders.

Nights in Ghostland Pocket Books

Not long after stumbling into Mason County, Natalie Ruth Joynton finds herself the owner of four acres, a big red barn, and a white farmhouse set among the picturesque rolling hills of Northern Michigan. But there's a catch. Right in her front lawn stands a life-size tribute to the Old West—specifically, Dodge City, Kansas. Replica Dodge boasts a one-room schoolhouse, a general store, a bank, a saloon, a bunkhouse, a jail, and a church. Who built Replica Dodge and why? What

was this person hoping to do or attract? And what's stranger: a person who builds such a spectacle or the people who buy it? *Welcome to Replica Dodge* follows Joynton, a newly converted Jew with strong city roots, as she begins a new life with her fiancé in Michigan's Bible Belt. The irony of the situation is not lost on her. Jews are notorious city-dwellers. Even secular Jews tend to stay within urban Jewish communities. And yet, here she is: almost a hundred miles from the closest synagogue and marrying—despite the guidance of several rabbis—a partner outside the Jewish faith. Can that faith (and marriage) survive roadkill and rifle season and *Replica Dodge*? As Joynton toils to build her own version of home in the heartland, she begins to discover that rural America is not one thing. It is many stories, and as varied as her experiences and hopes are, so too are those of her neighbors. *Welcome to Replica Dodge* suggests that we move slowly through the new spaces in our lives—removing tape and Bubble Wrap, working with your partner to find a place for that weird chair, and wiping away the cobwebs to start fresh. Anybody who has ever felt like they didn't belong will take comfort in this enchanting memoir.

With the Common Core State Standards emphasizing listening and speaking across the curriculum, these long-neglected language arts are regaining a place in schools. For teachers, this means reexamining practices and rethinking expectations. How much do we know about teaching listening and speaking as the complex communication skills they are? How do we teach students to discuss appropriately, integrate and understand the mountains of information they receive, and express themselves clearly and effectively? In this lively and practical book, 20-year teaching veteran Erik

Palmer presents an approach aligned to the six Common Core anchor standards for speaking and listening but focused on preparing students for 21st century communication inside and beyond the classroom. Here, you'll get concrete guidance for teaching and assessing * Collaborative discussion * Listening and media literacy * Questioning and reasoning * Speech presentation * Effective multimedia use * Adapting speech to different content and tasks With due respect to reading and writing, we do most of our communicating—in the classroom and in life—through listening and speaking. Filled with examples and specific activities targeted to variety of subjects and grade levels, this book is an essential resource for all teachers interested in helping students acquire core skills that cross the content areas and support long-term success.

Now you have one resource that can help you plan for a variety of situations in your church. Author and bookseller Carole Cupples wrote this book in response to a need voiced by her own customers. A few of the occasions this book particularly addresses are welcoming guest to a program, honoring a pastor on an anniversary, and paying a memorial tribute. The speeches you find in this compilation reflect the ways we honor God in both celebration and meditation.
