In the 5th century, the Indian mathematician Aryabhata wrote a small but famous work on astronomy in 118 verses called the Aryabhatiya. Its second chapter gives a summary of Hindu

mathematics up to that point, and 200 years later, the Indian astronomer Bhaskara glossed that chapter. This volume is a literal English translation of Bhaskara's commentary complete with an introduction.

The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose

lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's antiapartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. **LONG WALK TO FREEDOM** is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures.

Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph. As the reviver of true Islamic teachings, Hazrat Mirza Ghulam Ahmad(as) portrayed to the world the God of Islam; a God Who speaks and exists. Allah is

the name of the One, Supreme-Being also known as God in other faiths. Throughout this book, Hazrat Ahmad(as) details the nature of Allah and how one can establish a living connection with him, leading toward the certainty of His existence. He describes Allah's attributes and what they mean for us, as humans and believers. Hazrat Ahmad(as), through divine signs and proof from the Quran, Sunnah and Hadith proved that Allah talks today as he spoke before. This book answers many questions about Allah - leading toward a better and enlightened understanding of the Creator, ultimately helping us toward better worship of Allah. This book also highlights the deep love Hazrat Ahmad(as) had for Allah.

From the creator-producer of Savdhaan India, the producer of Crime Patrol, and the bestselling author of *The Deadly Dozen: India's Most Notorious Serial Killers*, comes the true story behind one of India's biggest and most sensational bank heists 31st December 2007. New Year's Eve. A sleepy town in Kerala called Chelembra finds itself in the national headlines for India's biggest bank heist to the tune of a whopping Rs 8 crore which included 80 kg of gold. A crime that was supposedly inspired by a Bollywood blockbuster, this is the sensational story of that heist seen from

both sides of the coin-the planning and execution by the mastermind criminals, and the difficult, yet thrilling, investigation by the Kerala police team led by P. Vijayan. Constructed from extensive first-person interviews of the police team that solved the crime and the confession details of the criminals, this is the true story of how India's biggest bank heist was executed and the cat-and-mouse game that ensued.

Folk Tales of Kerala Harper Collins

On India: Self-image and Counter-image looks at the philosophical and religious as well as the sociopolitical forces that are at work in the Indian cultural soil shaping multiple aspects of the lives of millions. The principal focus is on some images construed both by insiders and outsiders reflecting various aspects that

are relevant for comprehending India. The essays address two major concerns: one is about how cross-cultural conversation on India should proceed today, noting some of the primary issues and concerns; the other is with regard to whether India has a core cultural image identifiable among the range of competing images, and if so, how to conceptualize its counter-image. The contributors discuss whether it is possible to arrive at a consensus about the persistent features of the Indian civilization without losing out on the defining characteristic of changing values and norms. The wide canvas of depictions and conceptualizations throw light on the aspirations and ground realities of the geopolitically bounded space called India.

Hate, is a four letter word. So is love. And sometimes, people can't tell the difference... Dhurv and Aranya spend a good part of their lives trying to figure out why they want to destroy each other, why they hurt each other so deeply. And, why they can't stay away from each other. The answer is just as difficult each time because all they've wanted is to do the worst, most miserable things to one another. Yet there is something that tells them: THIS IS NOT IT. If you want to know the answer to it all, read the book.

Arguing against the generally held view that the Mappila uprisings of Malabar resulted either from communal tension or agrarian discontent, this book analyzes the complex interrelationships between economic discontent and religious ideology in which the conflicts were rooted. Panikkar delineates the evolution of a negative class consciousness among the rural Hindu Mappilas from the early years of British rule to the final and decisive 1921

uprising against the lord and state.

Beautiful Kondwani Fidel has once again
 composed a masterpiece of stories and
 memories that forms lessons to all
 young Suns growing up in the
 neighborhood. This piece, this lesson, is
 ever so necessary in an era where, we,
 who come from urban communities, are
 still fighting structural racism, police

brutality, economic genocide while
 simultaneously fighting the ways in
 which we self-destruct, destroy one
 another, and create chaos in our
 communities. It is a critique of the
 system of our oppression and a critique
 of the dysfunctions in our own families,
 relationships, and communities. It is
 brilliant that a young mind such as
 Fidel's has been blessed with the
 conscious and creative spirit that allows
 him to compose a lesson from a
 perspective and in a way that no other
 could. Raw Wounds is sung in pitches
 and frequencies that invokes the
 emotion. It is a bittersweet song." -Dr.

The *Periplus of the Erythraean Sea* is a short work of uncertain date and unknown authorship, written in very difficult Greek. It is concerned with the coasts of the Red Sea and Indian Ocean

and may be described as a combined trade directory and Admiralty Handbook, giving sailing directions and information about navigational hazards, harbours, imports and exports. It is of great value for the study of the commerce of the Roman Empire and the early history of East Africa, South Arabia and India. This is a new print-on-demand hardback edition of the volume first published in 1980.

Composed by the great sage of Advaita Vedanta, Adi Sankara, this work gives an exposition of the symbols of puja (worship) in light of Nonduality. Written as a dialogue between a disciple and a Guru, the disciple first asks, "What manner of worship is prescribed for the

One existing as undivided Being-Consciousness-Bliss with no second, without misconceptions, and of one nature?" He then asks similar questions about the details of such in the context of utmost Nonduality, and, starting with the ninth verse, the Guru replies in the light of the Knowledge of that utmost Nonduality.

Understanding the structure of a large econometric model is rather like the art of winetasting or like the art of playing a musical instrument. The quality of a wine results from a complex combination of various elements such as its colour which should be clear and crystalline, its smell which can be decomposed into a general aroma and a variety of particular characteristics, more or less persistent

depending on the type and the age of the wine, its taste, of course, which again is a complex system whose equilibrium and charm depend on the whole set of ingredients: alcohol, tannin, glycerine, sugar, acidity . . . Similarly, a clarinetist's musicianship depends on the quality of his instrument, on his embouchure, fingering, tonguing and articulation techniques, on his sense for rhythm, phasing and tone colour. However, the enchantment produced by a Romanee-Conti or by a brilliant performance of Brahms's F minor sonata for clarinet and piano arises from a process which is at the same time much simpler and much more complex than the straightforward juxtaposition of individual causal relations. In recent years econometricians and macro-

economists have been challenged by the problem of keeping abreast with an ever increasing number of increasingly more complex large econometric models. The necessity of developing systematic analytical tools to study the often implicit and hidden structure of these models has become more evident.

An Electric Literature “Most Anticipated LGBTQ+ Book of 2022” Selection A love letter to the legendary Black and Latinx LGBTQ underground subculture, uncovering its abundant legacy and influence in popular culture. What is Ballroom? Not a song, a documentary, a catchphrase, a TV show, or an individual pop star. It is an underground subculture founded over a century ago by LGBTQ

African American and Latino men and women of Harlem. Arts-based and intersectional, it transcends identity, acting as a fearless response to the systemic marginalization of minority populations. Ricky Tucker pulls from his years as a close friend of the community to reveal the complex cultural makeup and ongoing relevance of house and Ballroom, a space where trans lives are respected and applauded, and queer youth are able to find family and acceptance. With each chapter framed as a “category” (Vogue, Realness, Body, et al.), *And the Category Is . . .* offers an impressionistic point of entry into this subculture, its deeply integrated history, and how it’s been appropriated for mainstream audiences. Each category features an exclusive interview with

fierce LGBTQ/POC Ballroom members—Lee Soulja, Benjamin Ninja, Twiggy Pucci Garçon, and more—whose lives, work, and activism drive home that very category. At the height of public intrigue and awareness about Ballroom, thanks to TV shows like FX’s Pose, Tucker’s compelling narratives help us understand its relevance in pop culture, dance, public policy with regard to queer communities, and so much more. Welcome to the norm-defying realness of Ballroom.

Re-visioning Indian Cities probes the Jawaharlal Nehru National Urban Renewal Mission (JNNURM) right from its inception to its present-day avatar. The book significantly adds to the knowledge base on the urban history of India. Commencing with a historical background of the JNNURM, the book traces the evolution of public policy in India on urban growth. In the process it provides an understanding of the complex urban issues and examines whether the JNNURM is a project response or a policy response to these problems.
