Auggie Pullman, who was born with extreme facial abnormalities, goes from being home-schooled to entering fifth grade at a private middle school in Manhattan, which entails enduring the taunting and fear of his classmates.

La historia interminable (Colección Alfaguara Clásicos) Penguin In the village of Iping, a strange man arrives at a local inn wrapped in bandages. He refuses to leave his room where he is carrying out experiments to make himself invisible. The stranger's success has grave implications for everyone. When he realises that he cannot reverse the experiment, he is gradually driven insane. This seminal tale acts as a powerful warning about unintended consequences. The journey on which the invisible man embarks turns out to be a penetrating, unflinching, and unsettling look into the heart of human nature.

Nikolai Gogol was the most idiosyncratic of the great Russian novelists of the 19th century and lived a tragically short life which was as chaotic as the lives of the characters he created. This biography begins with Gogol's death and ends with his birth, an inverted structure typical of both Gogol and Nabokov. The biographer proceeds to establish the relationship between Gogol and his novels, especially with regard to "nose-consciousness", a peculiar feature of Russian life and letters, which finds its apotheosis in Gogol's own life and prose. There are more expressions and proverbs concerning the nose in Russian than in any other language in the world. Nabokov's style in this biography is comic, but as always leads to serious issues—in this case, an appreciation of the distinctive "sense of the physical" inherent in Gogol's work. Nabokov describes how Gogol's life and literature mingled, and explains the structure and style of Gogol's prose in terms of the novelist's life.

NATIONAL BESTSELLER • A coming-of-age classic about a young girl growing up in Chicago • Acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. “Cisneros draws on her rich [Latino] heritage...and seduces with precise, spare prose, creat[ing] unforgettable characters we want to lift off the page. She is not only a gifted writer, but an absolutely essential one.” —The New York Times Book Review The House on Mango Street is one of the most cherished novels of the last fifty years. Readers from all walks of life have fallen for the voice of Esperanza Cordero, growing up in Chicago and inventing for herself who and what she will become. “In English my name means hope,” she says. “In Spanish it means too many letters. It means sadness, it means waiting.” Told in a series of vignettes—sometimes heartbreaking, sometimes joyous—Cisneros’s masterpiece is a classic story of childhood and self-discovery and one of the greatest neighborhood novels of all time. Like Sinclair Lewis’s *Main Street* or Toni Morrison’s *Sula*, it makes a world through people and their voices, and it does so in language that is poetic and direct. This gorgeous coming-of-age novel is a celebration of the power of telling one’s story and of being proud of where you’re from.

The Sovereignty of God A&C Black

Existe una pregunta que preocupa a muchos creyentes: “¿Por qué no estoy experimentando más gozo, esperanza, satisfacción, intimidación, poder y todo lo demás en mi vida cristiana, no se supone que Jesús nos prometió eso?”. Él sí prometió eso, pero muchas personas están atrapadas por la maldición de lo “ordinario”. Han aceptado la errónea idea de que seguir a Dios significa perder la individualidad, la creatividad y la pasión por alcanzar majestuosas metas. ¡Nada puede estar más lejos de la verdad! John Bevere presenta un convincente caso directo de las Escrituras, a favor de vivir marcado por experiencias y logros extraordinarios, justo la vida que Dios quiso para sus hijos. Esta es la guía para entender los increíbles planes de Dios y cómo disfrutar de una vida donde Él añade el “extra” a lo “ordinario”.

Written over the course of three days and three nights, The Subterraneans was generated out of the same kind of ecstatic flash of inspiration that produced another one of Kerouac's early

classics, *On The Road*. Centering around the tempestuous breakup of Leo Percepied and Mardou Fox—two denizens of the 1950s San Francisco underground—The Subterraneans is a tale of dark alleys and smoky rooms, of artists, visionaries, and adventurers existing outside mainstream America's field of vision. *A Miraculous Life* Farrar, Straus and Giroux (BYR) In HONOR'S REWARD, bestselling author John Bevere unveils the power and truth of an often-overlooked principle—the spiritual law of honor. Bevere explains that understanding the vital role of this virtue will enable readers to attract blessing both now and for eternity.

The Bait of Satan, 20th Anniversary Edition New York Review of Books

Experience this story of first love by A Wrinkle in Time author Madeleine L'Engle. This classic novel is now a major motion picture, Camilla Dickinson. Fifteen-year-old Camilla Dickinson has led a sheltered life on the Upper East Side with her architect father and stunningly beautiful mother. But this winter the security she has always known has vanished, because her parents' marriage is coming apart - and Camilla is caught in the middle. She finds a way to escape her troubles when she meets Frank, her best friend's brother, who is someone she can really talk to about life, death, God, and her dream of becoming an astronomer. When Frank introduces her to the important people in his life, who are so different from anyone she has met before, he opens her eyes to worlds beyond her own, almost as if he were a telescope helping her to see the stars. This novel, one of the author's earliest, is the story of a girl who, with the help of her first love, leaves childhood behind and enters adulthood with a newfound sense of self and inner strength. "Walking underground" for the first time in his life, Juan Marcos Villalobos, a freshly arrived migrant to New York City, offers his seat to a woman standing on the subway. Though his English isn't up to her rude reply, he quickly realizes that good manners in

Nueva York are quite different than in Puerto Rico! Juan Marcos is eager to continue his studies in the United States and rents a room from family friends living in El Barrio, or Spanish Harlem. Soon, he has a job wrapping packages at a department store that pays as much as he made teaching high school at home. As he interacts with the Puerto Rican community in New York, he witnesses the problems his compatriots encounter, including discrimination, inadequate housing, jobs and wages. Despite these problems, friendships and romances bloom and rivalries surface, leading to betrayal and even attempted murder! Originally published in 1951 as *Trópico* en Manhattan, it was the first novel to focus on the postwar influx of Puerto Ricans to New York. Cotto-Thorner's use of code-switching, or "Spanglish," reflects the characters' bicultural reality and makes the novel a forerunner of Nuyorican writing and contemporary Latino literature. This new bilingual edition contains a first-ever English translation by J. Bret Maney that artfully captures the style and spirit of the original Spanish. The novel's exploration of class, race and gender—while demonstrating the community's resilience and cultural pride—ensures its relevance today.
