"Jewish Just Like You" is the first children's book for the children of Jewish converts, written by convert Kylie Ora Lobell. This book teaches children about the process of Jewish conversion that one or both of their parents may have

gone through, as well as how converts are just like Jews who were born Jewish. It is an uplifting and empowering book that answers questions that children of converts may have. Perfect for elementary-school aged children and up, it touches on key Jewish concepts like having Shabbat dinner, lighting Hanukkah candles, saying the Shema, having strong values, studying Torah, and having pride in Israel. Praise for

"Jewish Just Like You" from today's influential Jewish leaders "An emotionally uplifting, profound yet fun book, written by one of the most sincere, talented and insightful writers of our time, beautifully illustrated, that will be a blessing and a treat to children and parents alike!"- Rabbi Jason Weiner, senior rabbi and director of the Spiritual Care Department at Cedars-Sinai in Los Angeles, and rabbi at Kneset Israel Congregation of Beverlywood "Kylie Ora Lobell is one of today's most eloquent Jewish voices in print. This book fills an important gap in the market and introduces children to sensitive and nuanced subject matter in a gentle and positive way, overflowing with Jewish pride. 'Jewish Just Like You' will capture your heart with its sincerity, powerful imagery and clear

presentation." - Rabbi Elchanan Shoff of Beis Knesses of Los Angeles and author of, "Paradise: Breathtaking Strolls through the Length and Breadth of Torah" "This is a delightful and charming story with captivating illustrations. The story's positive theme about being the child of a convert is a much-needed and timely contribution to diversity in literature for young Jewish children." - Judy Gruen, author of "The Skeptic and the Rabbi: Falling in Love with Faith" About the Author Kylie Ora Lobell is a writer and personal essayist who has been published in New York Magazine, the Washington Post, the Los Angeles Times, the Jewish Journal of Los Angeles, The Forward, the Jewish Telegraphic Agency, Chabad.org, Tablet Magazine, Alma, Aish, Mayim Bialik's GrokNation,

I gave the book the title "I thought I was doing well, until..." because, from the age of five years old, that was how I felt until I faced the reality that I was living a lie. My story started on April 28, 1996, when unexpectedly and supernaturally, Jesus appeared to me and touched me! When Jesus said: "Follow me," I followed Him without any hesitation and converted from Islam to Christianity. The book is a synthesis of my journey of discovering the Trinity, the Godhead.

You will walk with me through the steps which my studying of the Bible took me to know God as a Father, the divinity of Jesus as God and Man, and the fellowship of the Holy Spirit. There was never a dull moment in my journey during which I witnessed how God worked miracles in my life, how He showed me that there is a beauty in brokenness and how took me from a place of despair and hatred to hope and love. One of the significant outcomes of my studies is the shifting of my perspectives from seeing life from my own human finite microscopic lenses to GOD's infinite telescopic lenses.

Covenant and the Jewish Conversion

Question reevaluates conversion and Jewish identity through the lens of Rabbi Joseph B. Soloveitchik's dual conception of the Covenants of Fate and Destiny. By studying an array of key rabbinic texts through this lens, the book explores the boundaries and interplay between these biblical covenants through apostasy, holiness and the key elements relating to conversion law. This understanding provides a relevant framing device to deal with the conversion and Jewish identity crises faced in the State of Israel and beyond.

This book is a compilation of homilies of Fr. Henry Charles composed and delivered over a period of at least twenty years. The homilies were written out and were eventually typed up and it is

possible that Fr. Henry had himself thought about publishing them, though we do not know this for sure. While many persons were privileged to receive emailed copies and others actually heard his preaching, the homilies were thought to be deserving of a wider audience. The underlying message of his preaching is that discipleship of Jesus Christ requires not only the grace of faith but also demands perseverance, courage and discipline, critical elements of the process he terms "ongoing conversion." In addition, Fr. Henry advocates moral excellence, not settling for the merely moderate or the mediocre, but striving always to "be perfect." Fr. Henry faces up to and wrestles with the "perplexities" of the Gospel and he believed that one of the keys to

overcoming these is an appreciation of its many paradoxes and that as a consequence, we are required to see things from a different perspective, not as we are normally inclined to see them, but as God sees them. The homilies have been arranged thematically On God; On Jesus; What Jesus Calls Us To Be; What Jesus Calls Us To Do; Faith; Hope; Love; Loss, Suffering, Death and Heaven; Virtues and Vices; Human Dignity; Spirituality; Church, Liturgy and Ritual and Culture Society and Leadership. There is of course considerable overlap among the various themes. The subjects he refers to and the examples he gives are contemporary and relevant, not only to a Caribbean audience, but we think to audiences globally. The style is informal and conversational for the most part and

this quality of the writing has been maintained. The homilies have been edited for clarity and for obvious errors and omissions in the transcripts, and some have been retitled, but they have otherwise been reproduced and stand as he wrote them.

Conversion is intrinsic to the Christian religion. The most remarkable conversion recorded in the New Testament is that of Paul, and most Christians consider Christ's encounter with Paul to be a prototype of Christian conversion generally. This collection of

eleven essays gives Paul's conversion a firmer rootage in the biblical materials while also emphasizing personal application. The contributors examine the nature of Paul's Damascus Road experience and the impact of that experience on his thought and ministry, and explore how Paul's experience functions as a paradigm for Christian thought and action today. Contributors: Bruce Corley, Terence L. Donaldson, James D. G. Dunn, Gordon D. Fee, Judith M. Gundry-Volf, G. Walter Hansen, Seyoon Kim, Bruce W. Longenecker, Richard N. Longenecker, I. Howard Marshall, Stephen Westerholm. [Convert Every Click](#) Aneko Press Contemporary spiritual writer Fr. Donald Haggerty offers penetrating observations of the phenomenon of Christian

conversion. Arranged as a collection of concise, meditative reflections, this book discusses the essential elements of a soul's return to God, including the repercussions of sin, the proper understanding of mercy, and the importance of a more radical response to God's will. Fr. Haggerty also explores the fruits of conversion that make the difference between a mediocre relationship with God and a truly holy life. He identifies these special graces as love for the poor, simplicity of lifestyle, and devotion to the Eucharist. The author's treatment of a "second conversion" is a unique and thought-provoking contribution to his subject. The ever renewed invitation to embrace a deeper passion for God is the thematic undercurrent of this inspiring work.

What and Where is God? A Human Answer to the Deep Religious Cry of the Modern Soul Xulon Press

A chilling mystery based on true events, from New York Times bestselling author Katherine Howe. It's senior year, and St. Joan's Academy is a pressure cooker. Grades, college applications, boys' texts: Through it all, Colleen Rowley and her friends keep it together. Until the school's queen bee suddenly falls into uncontrollable tics in the middle of class. The mystery illness spreads to the school's popular clique, then more students and symptoms follow: seizures, hair loss, violent coughing fits. St. Joan's

buzzes with rumor; rumor erupts into full-blown panic. Everyone scrambles to find something, or someone, to blame. Pollution? Stress? Are the girls faking? Only Colleen—who's been reading *The Crucible* for extra credit—comes to realize what nobody else has: Danvers was once Salem Village, where another group of girls suffered from a similarly bizarre epidemic three centuries ago . . . Inspired by true events—from seventeenth-century colonial life to the halls of a modern-day high school—Conversion casts a spell. "[Howe] has a gift for capturing the teenage mindset that nears the level of John Green."—USA Today "...this creepy, gripping novel is intimately real and layered, shedding light on the challenges teenage girls have faced throughout

history."—The New York Times "A chilling guessing game . . . that will leave readers thinking about the power (and powerlessness) of young women in the past and present alike."—Publishers Weekly, Starred Review

"In 'Rethinking Thought,' Laura Otis gives readers a multi-dimensional tour through the minds of thirty creative

thinkers to illustrate how the experience of productive thought can vary across the spectrum. Focusing on individual experiences with planning, problem-solving, reflecting, remembering and forging new ideas, Otis approaches the question of what thinking is by analyzing variations in the way thinking feels. Drawing from her own experience as a neuroscientist-turned literary scholar, Otis aptly juxtaposes creative thinkers' insights with recent neuroscientific discoveries centering on visual mental imagery, verbal language, and thought. By offering distinct psychological portraits of famous figures like controversial novelist Salman Rushdie and engineer Temple Grandin, Otis treats scientists and artists with equal respect, and creates a fascinating

dialogue in which neuroscientific findings and introspection engage with each other as equal partners. 'Rethinking Thought' encourages readers to resist the temptation of classifying people as 'visual' or 'verbal,' and to instead consider how thinkers combine both skill-sets and how their abilities can be further developed as a result. By showing how greatly individual experiences of thought can vary, this book aims to help readers in all professions better understand the diverse pool of people with whom they work and interact with"--Page 4 of cover.

"Rosaria, by the standards of many, was living a very good life. She had a tenured position at a large university in a field for

which she cared deeply. She owned two homes with her partner, in which they provided hospitality to students and activists that were looking to make a difference in the world. In the community, Rosaria was involved in volunteer work. At the university, she was a respected advisor of students and her department's curriculum. And then, in her late 30s, Rosaria encountered something that turned her world upside down -- the idea that Christianity, a religion that she had regarded as problematic and sometimes downright damaging, might be right about who God was. That idea seemed to fly in the face of the people and causes that she most loved. What follows is a story of what she describes as a train wreck at the hand of the supernatural. These are her

If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness. – 1 John 1:9
When a physician takes charge of a patient, the first thing he seeks to know is the nature and extent of the evil he must deal with. That is why he spends so much time and thought on the careful observation of the symptoms. The success of the treatment depends entirely on the accuracy of the diagnosis. Even so, in dealing with the great question of the lack of conversions in the church of Christ, it is not enough that we acknowledge the truth of what is

said, or actively set out to specify what we think is the best way to bring about a change. If the church is to fully realize what is wrong with her condition, and if it is to find the path in which God alone can lead her out of it, then believers and ministers must be brought low before the Lord and seek Him, the Great Physician, to reveal and remove the sin and restore that conversion power that comes from Him alone. Let us, then, in the spirit of humbling ourselves before God, and in dependence upon the Holy Spirit, ask God to show us what the allegation implies - that the church of Christ is losing the power of conversion, of bringing sinners to the Savior. The United States has a long history of religious pluralism, and yet Americans have often thought that people's faith determines their eternal destinies. The result is that Americans switch religions more often than any other nation. Lincoln Mullen traces the history of the distinctively American idea that religion is a matter of individual choice.

Questions about the reliability of the New Testament are commonly raised today both by biblical scholars and popular media. Drawing on decades of research, Craig Blomberg addresses all

of the major objections to the historicity of the New Testament in one comprehensive volume. Topics addressed include the formation of the Gospels, the transmission of the text, the formation of the canon, alleged contradictions, the relationship between Jesus and Paul, supposed Pauline forgeries, other gospels, miracles, and many more. Historical corroborations of details from all parts of the New Testament are also presented throughout. The Historical Reliability of the New Testament marshals the latest scholarship in responding to New Testament objections, while remaining accessible to non-specialists. Finalist! Listed in Booklist's Best Adult Religion Books of the Year in 2002! His books have sold millions, including classics like *Mere Christianity*, *The Screwtape Letters* and *The Lion, the Witch and the Wardrobe*. Yet C. S. Lewis was not always a literary giant of Christian faith. How did he leave behind a staunch atheism to become one of the most beloved and renowned Christian authors of our time? Other biographies of Lewis explore his childhood or his dramatic conversion to Christianity. But as David Downing reveals in this fascinating book, the rarely discussed period from Lewis's childhood to his early thirties took him on a tumultuous journey of spiritual and intellectual exploration before he became a "most reluctant convert." It was not despite this journey but

precisely because of it that Lewis understood the search for life's ultimate meaning so well and went on to become one of the most compelling authors of the twentieth century. Weaving the people, places and events of Lewis's life together with excerpts from Lewis's own writing, Downing shows how Lewis's spiritual quest can also light the path for other seekers.

I was an associate professor at Syracuse University, tenured in the English Department, and held a joint teaching appointment in the Center for Women's Studies. I was in a lesbian relationship with a woman who

was primarily an animal activist and a nature lover. #2 I was a professor of English studies, and my field was 19th century literature and culture. I was a director of undergraduate studies, and I enjoyed advising and organizing our curriculum. I felt like an imposter, but I didn't look like one. #3 I missed being in the company of risky and complex thinkers, people who were invested in

my culture and who challenged me to think to the edges of my comfort zones. I was an out lesbian in the same way that I am now a Christian wife. #4 I was always afraid of Christians, because they seemed anti-intellectual and unsafe. I was also afraid of being wrong, because I knew that if I was, I would learn from it and grow.
