*La Hija Del Sastre* Teach Yourself  
Spanglish-a hybrid of Spanish and English-is intricately interwoven with the history and culture of Latinos, the largest and fastest-growing minority group in

the United States. With deep roots that trace back to the U.S. annexation of Mexican territories in the early to mid-19th century, Spanglish can today be heard in as far-flung places as urban cities and rural communities, on playgrounds and in classrooms around the country. This volume features the most significant articles

including peer-review essays, interviews, and reviews to bring together the best scholarship on the topic. Learn about the historical and cultural contexts of the slang as well as its permeation into the pop culture vernacular. Ten signed articles, essays, and interviews are included in the volume. An eye-opening look at the latest research findings about the success of free voluntary reading in developing high levels of literacy. Free voluntary reading looks better and more powerful than ever. Stephen D. Krashen, PhD, is an advocate for free voluntary reading in schools and has published many journal articles on the subject. Free

Voluntary Reading: Power 2010 collects the last ten years of his extensive work and reconsiders all aspects of this important debate in light of the latest findings. The book provides an accessible examination of topics, such as free voluntary reading's value in language and literary acquisition domestically and worldwide, recent developments in support of free voluntary reading, whether rewards-based programs benefit the development of lifelong reading, the value of

phonics in reading instruction, and trends in literacy in the United States.

Words Their Way McGraw Hill Professional

"Words Their Way" is a hands-on, developmentally driven approach to word study that illustrates how to integrate and teach children phonics, vocabulary, and spelling skills. This fifth edition features updated activities, expanded coverage of English learners, and emphasis on progress monitoring.

Hachette UK

Growing up in a Republican family during Franco's fascist rule of Spain, Emilia Matamoros discovers just how important keeping a secret can be! After her father, a former captain in the Republican army, goes into hiding, Emilia not only must work as a seamstress to support her family, she must work to guard a secret that will protect her father and save her family from certain death. Will her innocence be lost and will

she succumb to the deceptive and violent tactics of Franco's fascist regime?

In this third book about the four friends -- Conejo (a rabbit), Tortuga (a tortoise), Culebra (a snake) and Iguana -- bilingual counting and vocabulary are the backdrop for a humorous tale. When Conejo can't make her cactus butter dulces because she stubbed her toe, Culebra devises a very loud and ingenious plan to help her

forget her pain and get all the friends involved in making the candy. A glossary, pronunciation guide and a no-cook recipe are included.

It's true that some people spend years studying Spanish before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language

courses that try to teach you the rules of Spanish, #LanguageHacking shows you how to learn and speak Italian through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the

start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in Spanish from day one. The Method #LanguageHacking takes a modern approach to

language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about

yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more. *Waiting for the Biblioburro* Bloomsbury Publishing USA After being diagnosed with terminal cancer, a professor shares the lessons he's

learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. "We cannot change the cards we are dealt, just how we play the hand." —Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart

to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—"Really Achieving Your Childhood Dreams"—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the

dreams of others, of seizing every moment (because "time is all you have . . . and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come. **Guerra Sucia** Tricycle

Press  
Brighter Child(R) Spanish for Grade 2 helps students master beginning foreign language skills. Practice is included for learning number words, neighborhood words, classroom words, and more. School success starts here! Workbooks in the popular Brighter Child(R) series are packed with plenty of fun activities that teach a variety of essential school skills. Students will find help for math, English and grammar, handwriting, and other important

subject areas. Each book contains full-color practice pages, easy-to-follow instructions, and an answer key.

Opposites Lake Union Publishing

Kamila is a 9-year-old girl living with her parents in a little blue house in San Lorenzo, Puerto Rico. Their life is simple and easy. Both of her parents work and she attends school nearby. The family is very close, especially given that Kamila's abuela, whom she loves dearly, lives just blocks away. Life goes along at a

beautiful pace, as it does on the island, until a family matter in Connecticut requires Kamila's mom, Stefany, to travel there to spend a few weeks helping her sister recover from surgery. Though Stefany's absence is an upset to regular life for the family, the situation is further intensified by the impending arrival of Hurricane Maria, the storm that decimated many islands in the Caribbean. Learn how this family prepares for the coming of the storm and

deals with its aftermath. Through these experiences, some of which are tremendous losses, Kamila gains knowledge of what it means to be boricua (Puerto Rican), both as a daughter of the island and in spirit.

Jaico Publishing House  
"Based on the popular

Spanish song Los Pollitos Dicen, [this is a board book to which a child can] sing and learn ... while [hearing] about a mother's nurturing love, in both English and Spanish. Complete with ... illustrations, this book is a ... way to make learning with your little chickie special and unique in not one, but two, languages"-- Publisher marketing. Start. Right. Now Pearson Ana loves stories. She often makes them up to help her little brother fall asleep. But in her small village there are only a

few books and she has read them all. One morning, Ana wakes up to the clip-clop of hooves, and there before her, is the most wonderful sight: a traveling library resting on the backs of two burros--all the books a little girl could dream of, with enough stories to encourage her to create one of her own. Inspired by the heroic efforts of real-life librarian Luis Soriano, award-winning picture book creators Monica Brown and John Parra introduce readers to the mobile library that

journeys over mountains and through valleys to bring literacy and culture to rural Colombia, and to the children who wait for the BiblioBurro. A portion of the proceeds from sales of this book was donated to Luis Soriano's BiblioBurro program.
