The Giver Harper Collins

In the moving and compelling debut novel from Benjamin Zephaniah, a young man's life is completely changed when his face is badly scarred in a car accident. Martin seems to have it all. He's cool, funny, and he's the undisputed leader of the Gang of Three, who roam their East London estate during the holidays looking for fun. But one night after the Gang leave a late night rap club, Martin accepts a ride from Pete, a Raider's Posse gang member. Too late, he realises that the car is stolen, and that the police are after them. What happens next will change Martin's life and looks, and show him the true meaning of strength, courage, discrimination and friendship. Brilliantly written and with a real ear for dialogue, fans of Angie Thomas and Malorie Blackman will love Benjamin Zephaniah's novels for young adult readers: *Refugee Boy* *Face Gangsta Rap Teacher's Dead*

The second book in Lois Lowry's *Giver Quartet*, which began with the bestselling and Newbery Medal-winning *The Giver*. Left orphaned and physically flawed in a civilization that shuns and discards the weak, Kira faces a frighteningly uncertain future. Her neighbors are hostile, and no one but a small boy offers to help. When she is summoned to judgment by The Council of Guardians, Kira prepares to fight for her life. But the Council, to her surprise, has plans for her. Blessed with an almost magical talent that keeps her alive, the young girl faces new responsibilities and a set of mysteries deep within the only world she has ever known. On her quest for truth, Kira discovers things that will change her life and world forever. A compelling examination of a future society, *Gathering Blue* challenges readers to think about community, creativity, and the values that they have learned to accept. Once again Lois Lowry brings readers on a provocative journey that inspires contemplation long after the last page is turned. "This extraordinary novel is remarkable for its fully realized characters, gripping plot, and Lowry's singular vision of a future." —VOYA *The Giver* has become one of the most influential novels of our time. Don't miss the powerful companion novels in Lois Lowry's *Giver Quartet*: *Gathering Blue*, *Messenger*, and *Son*.

◆EVERY art and every inquiry, and similarly every action and pursuit, is thought to aim at some good; and for this reason the good has rightly been declared to be that at which all things aim. But a certain difference is found among ends; some are activities, others are products apart from the activities that produce them. Where there are ends apart from the actions, it is the nature of the products to be better than the activities. Now, as there are many actions, arts, and sciences, their ends also are many; the end of the medical art is health, that of shipbuilding a vessel, that of strategy victory, that of economics wealth. But where such arts fall under a single capacity- as bridle-making and the other arts concerned with the equipment of horses fall under the art of riding, and this and every military action under strategy, in the same way other arts fall under yet others- in all of these the ends of the master arts are to be preferred to all the subordinate ends; for it is for the sake of the former that the latter are pursued. It makes no difference whether the activities themselves are the ends of the actions, or something else apart from the activities, as in the case of the sciences just mentioned.◆

Told in the alternating voices of Charlie's and John's journals, this hilarious and poignant YA novel perfectly captures what it's like to have an artistic drive so fierce that nothing—not your dad's girlfriend's drug-addicted ex-boyfriend, a soul-crushing job at Salad Stop, or being charged with a teensy bit of kidnapping—can stand in your way.
