Since his friend and partner in crime, A. J. Raffles, jumped into the Mediterranean, Bunny Manders has scraped along as best he can. At Raffles's side, he was witness to, and participant in, the most ingenious burglaries the underworld had ever seen. Without him, Bunny is a struggling ex-convict, so down on his luck that he answers an ad seeking a male nurse and companion for a notoriously rude invalid. But when he lights the old man's Sullivan cigarette and sees a perfect smoke ring float into the air, Bunny cries out in delight. Raffles is back, and ready for adventure. In the second installment in E. W. Hornung's crackerjack crime series, England's greatest jewel thief is up to all of his old tricks and many ingenious new ones-none so spectacular as turning Queen Victoria herself

into an accomplice. Ernest William Hornung was an English author and poet perhaps best known for writing the A. J. Raffles series of stories about a gentleman thief in late 19th-century London. In 1898 he wrote "In the Chains of Crime," which introduced Raffles and his sidekick, Bunny Manders; the characters were based partly on his friends Oscar Wilde and his lover, Lord Alfred Douglas, and also on Sherlock Holmes and Dr. Watson. The series of Raffles short stories were collected for sale in book form in 1899, and two further books of Raffles short stories followed, as well as a poorly received novel.

2020 IBPA Awards Winner! Mask presents a striking collection of rare masks steeped in ancient tradition, captured through the lens of one of the world’s most celebrated documentary photographers. Celebrated photographer Chris Rainier has documented indigenous and endangered cultures worldwide. What began as a focus on the masks of New Guinea—where modernity threatened to erase ancient rituals and cultures—became an expansive journey to find and photograph traditional masks that has taken Rainier across six continents over the past thirty years. The result is this mesmerizing photographic collection of masks—some of them ancient, some newer, many hidden at the edges of the known world and rarely revealed to outsiders.

Traditional masks are so often seen behind the glass of museum cabinets, divorced from their spiritual significance. But the masks in this collection are still being danced today, in countless cultures all over the world. Rainier conveys them pulsing with the rhythms of life, full of power and spiritual relevance. Through his stunning photography—at once mysterious and unguarded—Rainier takes us on a pilgrimage to experience masks and mask rituals: from those found at initiation rituals in Burkina Faso to Bön Buddhist masks long hidden in a Nepalese monastery in the high Himalayas, the raven and bear regalia of North American First Nation potlatches, and the terrifying, child-chasing Krampus masks of the Austrian Alps. Accompanying these striking images are a foreword by renowned essayist Pico Iyer, ethnographic notes from anthropologist Robert L. Welsch, and fascinating stories recounting Rainier’s journeys to distant lands to preserve and celebrate these objects of beauty and power and the cultures that produce them.

Masks of Conquest Peter Lang Incorporated, International Academic Publishers

Una storia di riscatto e di vite parallele. Mattia è un professionista del football americano che nasce ad Aviano ma, dopo il trasferimento della sua famiglia, cresce nel polveroso Texas, affrontando pregiudizi per le sue origini e pressioni per uno sport che all’inizio non sente suo. Li affronterà tutti quei fantasmi che la perseguitano da quando era bambina. Tra l’Italia e gli Stati Uniti, nell’arco di quindici anni, cresceranno professionalmente arrivando al successo con passione e determinazione fino a prendersi la loro rivincita. Due ragazzi che celando le loro anime sensibili dietro ad una maschera, incroceranno le loro vite, si conosceranno, si scontreranno fin quasi a distruggersi, prima di far cadere quella stessa maschera.

In this book the reader is guided by three Sinhalese individuals who have dealt with their belief system as religious practitioners. All are natives of the Sinhalese rural society; yet they work and live in variant dimensions of that society. As a matter of ethnographic method and ethical respect, the entire endeavor of this research displays the values of the individuals who related their stories to me. Since feedback to the ethnography is very important for the final analysis of the work, the research participants reviewed the recorded and presented material. Response was an essential assessment to the success or failure of the presented material - as the presentations were made for the Sinhalese participants and their community. As a record written and filmed in the form of life accounts, it offers a step-by-step methodology for students. This work marshals attention to the dimensions of a traditional belief system.

A classic work in postcolonial studies, *Masks of Conquest* describes the introduction of English studies in India under British rule and its function as an effective form of political control abetting voluntary cultural assimilation. Gauri Viswanathan demonstrates how the literary text functioned as a mirror of the ideal Englishman and became a mask of exploitation that camouflaged the material activities of the colonizing British government. In her new preface, she argues that the curricular study of English can no longer be understood innocently or inattentively to the deeper

contexts of imperialism, transnationalism, and globalization in which the discipline first articulated its mission. *Masks of Conquest* illuminates the transcontinental movements and derivations of English studies, revealing the discipline’s origins are as diffuse as its future shape.

Con oltre 100 milioni di copie vendute in tutto il mondo, 34 album pubblicati di cui 16 in studio di registrazione, gli Iron Maiden sono, con ogni probabilità, la heavy metal band più amata dell’intera scena internazionale; centinaia, infatti, sono gli autori e recensori che si sono cimentati nella complessa quanto articolata ricerca della biografia “perfetta” che narra le gesta della storica band britannica, ma dell’uomo dietro alla sua creazione ben poco è trapelato, troppo poco è stato raccontato di colui che in una fredda nottata dell’operosa Londra del 1975 diede vita al sogno che, ancora oggi pressoché immutato, muove tre generazioni di fan in tutto il pianeta. Con l’attenzione e la perizia di chi profana il luogo dell’anima più intimo e profondo di una leggenda vivente, questo libro racconta la storia di Steve Harris, la storia dell’uomo dietro l’artista; la storia del leader della Vergine di Ferro.
