Bookkeeping for churches can be quite different than for-profit businesses, and the other guides available cover either QuickBooks or church accounting, not both. Lisa London, *The Accountant Beside You*, walks you through QuickBooks for your church from start to finish, always with examples, terminology, and understanding of what a busy church administrator needs to know in a clear, concise style. With her friendly easy-to-understand style and illustrative screenshots, Lisa guides new QuickBooks users every step of the way, while her tips for how to make QuickBooks work better for churches provides new insight and procedures for even the experienced bookkeeper. Not only does she step you through how to

set up QuickBooks and utilize it more efficiently for your house of worship, but she also discusses everything you need to know to implement controls and procedures to ensure that your church's money is always protected. QuickBooks for Churches covers PC versions of QuickBooks from 2012 forward and even includes what's new in the 2014 version. Lisa offers sound accounting procedures for both large and small houses of worship, for bookkeepers with years of experience as well as those just starting out. Let *The Accountant Beside You* take one more worry off your crowded to-do list.

QuickBooks for Churches and Other Religious Organizations John Wiley & Sons

Every major gift is planned, and every planned gift is major, so this book is written intentionally blurring those lines with the premise that if you know how to identify, evaluate, cultivate and finally ask for the gift, it does not matter if it is a major gift or is a will inclusion leaving the details of bequests to the donors, their lawyers and accountants. Clergy and others need help learning how to 'make the ask' before the remaining generous generations of capacity (anyone over 60 especially) die, having given their gifts to the non-profits and schools so willing and prepared to ask for them. LaFond recounts, "I remember sitting with a beloved, dying parishioner who turned to me in her last three hours and quietly said 'I wish I had remembered the church in my will.' I asked why she had not and she said, sweetly, 'They never asked, and everyone else did, and so thoroughly.'" Clergy and lay leaders are terrified of asking for major and planned gifts while parishes need them and donors need to give them. Clergy are not taught in seminary how to do this essential work of ministry. LaFond, in his various roles, is filling that educational gap.

As the philosopher Martin Buber wrote, "All real living is meeting." People like to get together. That's why special events can often work so much better for nonprofit organizations than other, less social types of fundraising programs.

From red-carpet galas to Saturday afternoon street fairs, special events offer nonprofits an unparalleled opportunity to both raise money and make friends. Yet for all the benefits—and they are great—inexperience and bad planning can make these events more trouble—and a greater financial drain—than they are worth. *Special Events: Proven Strategies for Nonprofit Fundraising, Second Edition* is the complete guide to making your next nonprofit event the rousing success it can be. Packed with author and development professional Alan Wendroff's realistic insights and pointers, this text provides a logical and comprehensive outline of event planning, with a special emphasis on fitting these events into the larger framework of the nonprofit's organizational goals. Inside you'll find such helpful tools as: Seven goals for a successful event The Master Event Timetable (METT), a proven organizational tool that provides step-by-step guidance through the entire event process A case study explaining in understandable detail how to implement the advice and methods outlined An accompanying CD that includes sample timelines, worksheets, checklists, budgets, writing examples, decision tables, and contracts From choosing the right event to the best way of expressing thanks afterwards, *Special Events* covers all aspects of producing a winning fundraiser for your organization. In addition to the brass tacks of managing logistics, the coverage includes thoughtful discussions on how to take full advantage of the networking, volunteer recruitment, public relations, and motivational opportunities your special event can provide. This updated

Second Edition features new information in these areas, plus an entirely new chapter on using the Internet for event planning. With the needs of nonprofit organizations only growing as donations shrink, special events become more and more vital in sustaining the life of these organizations. Nonprofit lay leaders, professionals, and staff, as well as marketing professionals and event planners who work with nonprofits, will all find in *Special Events, Second Edition* a clearly drawn road map leading to fundraising success.
