 Tommy knows he wants to be an artist when he grows up. He can't wait to get to school and have real art lessons. When Tommy gets to school and finds out that the art lessons are full of "rules", he is surprised and dismayed. How the wise art teacher

finds a way to give Tommy the freedom to create and stay within the "rules" makes a wonderfully perceptive picture book about growing up and keeping one's individuality. Tomie dePaola is the author and illustrator of many beloved books for children, including the Caldecott Honor Book *Strega Nona*. Fans of all ages will be pleased to hear that *The Art Lesson* is, in fact, based on the artist's own experiences growing up, and offers a welcome glimpse into his past. This bright picture book is as covered with drawings as the walls of Tommy's parents' and grandparents' houses, and sends an inspirational message to budding artists and individualists. Break out the crayons!

As a big storm approaches, two strangers arrive in the forest. All the animal families, safe in their homes, are worried. They wonder, "What are they doing there? What do they want?" So, as the pair knocks at the door of one home after another asking for shelter, all the animals turn them away, leaving them to fend for themselves. But then an accident suddenly forces the fox family out into the snow and the wind, and the foxes find they must ask these outsiders for help. Will they find it in their hearts to give it? Céline Claire's heartwarming picture book story delivers a timeless and timely message about the importance of kindness and generosity. With simple and evocative language, it explores how even small gestures can make a big difference to the strangers or outsiders in a community. Artist Qin Leng uses a warm, soft palette in her ink and watercolor illustrations creating a charming and inviting visual narrative that is perfect for young children. This book provides a wonderful opportunity for discussions about being welcoming and helping others in need, including how children can put this into practice by reaching out to the "new kid" or the one who seems different. It also works well for character education lessons on kindness, caring and empathy.

Le monde de Taoki Istra

Gus's workshop is chockful of useless odds and ends. But when his friend Rico comes over with a problem-his scooter seat is way too small for a rhino-Gus finds just the thing to solve it. He creates a fabulous new vehicular contraption with an old lounge chair! One by one Gus's friends bring him their vehicles and Gus solves their troubles with ingenious solutions-a cooling system

made with a fridge that doubles as an ice-cream machine, a burst of speed from a rocket blaster. Soon the workshop is almost empty, but the last scraps might be just enough to solve Gus's own problem at the end of a long day.
